Chapter Director's: David & Barbara Jordan

October is here. Wow, where did the summer go!!! I want to thank our friends Jim & Barb Panel from Chapter K for visiting us in September. They have been great friends, They have been to every meeting and have helped us set up and Barbara and I thank them for the support. Tim Smith has excepted the position of Ride Educator for Chapter H. He has kept us informed on motorcycle safety over the months. I know he will be a good educator for Chapter H.

In April 1983, a group of people got together and Chartered a motorcycle chapter in Mt. Juliet, Tennessee, Which became Chapter H. It had it's ups and downs, then it closed. Then in October 1990, some people wanted to start up a Chapter in Franklin, TN. So they moved the Charter and Name Tennessee Chapter H, Dixie Wings to Franklin, TN. We have had our up's and downs, But, that's what makes us try harder and become successful. And you, the members make us great. This month Tennessee Chapter H is 20 years old.

This month I have scheduled a ride every weekend. We will not know where we are going until we get there. If you want to ride on Sunday afternoon, then you need to call me and we can get together. That's why I called this months rides mystery rides.

Now I am working on the Land Between the Lakes ride for October 16th. I have to get a count of how many are going to get the rooms and make restaurant reservations. I have emailed the person in charge of our Van ride thru the Elk & Bison Prairie. So we can get some up close pictures of the animals. We will also get to see the 1850's working farm and the items they produce.

November 6th, Chapter Q in Clarksville, TN. Host a ride, where we participate in the Veterans Day Parade. Barbara and I have rode this event twice. We would either get a motel room Friday night. Or we will have to leave Honda of Cool Springs 5:30am to get there to set up for the parade. The place we stayed at before the rooms were 45.00 a night plus tax. On Friday night we would go up to Ryan's for dinner at meet the other chapters. Now this is weather permitting.

On October 23rd, We will have our meeting and Later that evening, I want to get together and travel to Dairy Queen in Franklin for some Ice Cream. For a Birthday Celebration You can travel by car or motorcycle

Ride Safe.

KELLER WILLIAMS

RIDER EDUCATION: Tim B. Smith

'From the error of a moment, comes the sorrow of a lifetime.'
- Chinese Proverb

Let's talk about a subject that is well, about us all - Human Error.

It is the thief of human happiness and the slayer of dreams, careers, potential, and all too frequently - life itself. Viewing it as anything less hostile is to willfully expose your throat to the knife.

For thousands of years, mankind has hidden behind Cicero's famous quote "to err is human." The cost is too great to continue on this apathetic complacent path. So we are going to change the dialogue. To improve man, to grow is human, to learn is human. But to persevere in avoidable error at great risk to our lives, family, friends and career - that is in-human. It's time for some new poetry on this subject.

"Tony Kern/Why to Err is Human."

I'll continue with some more self-reflection studies, to help us all improve as Riders.

Bill Bowman Chapter D

Land Between The Lakes

On October 16th, Bill Bowman From Chapter D, Will & Thu Horsley, Tim & Lou Ann Smith, and Barbara & I took a trip to Land Between the Lakes. It was a nice ride up the back roads. We arrived about 1:00 pm after we stopped for lunch. First stop was to the 1850's farm. Where they were having a tossing of the cat. This is where they place all the women who are waiting to be married around a blanket then through a cat onto the blanket and toss the cat. The person the cat runs to when he gets his feet under him will be the next one who will get married. There was a mix up with our reservation and we did not get to see the prairie. But we did spent time in Grand River, Ky. We did see a herd of Bison on the way back home. On the way back home we traveled Hwy 232, very nice scenic curvy road. It was a very nice trip. We stayed at Patti's Inn & Suites very nice clean place.

Barber's Motorsports Museum Vintage Motorcycle Show

On Oct 9th, Steve, Sammy, David and I left for Birmingham, AL. It was a nice ride down the interstate. We arrived around 9:30am and meet up with Tim who went down the night before. There were all types of bike on display and for sale. The swap meet was good too. The auction had a Bushtec trailer (large Trailer with cooler) that sold for \$1000.00. We watched the air show and vintage motorcycle races. We must have walked 20 miles to see everything. While Tim and I rested, the others spent the time walking through the Museum. Sammy joined us later, said he was tired had to stop after 2 hours in the Museum. I think we all had a good time. I plan on going again next year.
